

PURPOSE

Camp Goals and Objectives

Goal: Learn new skills and gain confidence in individual abilities.

Objective: 80% of the campers will have:

- ✚ Tried at least three new activities.
- ✚ Succeeded at two of the new activities they tried by the end of the session.
- ✚ Continued at least one new activity at home for three months after camp.

Goal: Learn how to get along with others and build quality friendships.

Objective: 80% of the campers will have:

- ✚ Made at least three new friends by the end of the session and maintained contact with at least one for three months after camp.
- ✚ Acknowledged the feelings of a group member on at least two occasions during the camp session.
- ✚ Demonstrated or improved their pro-social behaviors such as not interrupting others at least on one occasion during the session.

Goal: Develop leadership skills

Objective: 80% of the campers will have:

- ✚ Shared in the work for all cabins clean-ups by the end of the session.
- ✚ Demonstrated good listening skills on at least two occasions during the session.
- ✚ Helped at least one other camper with an activity that they were struggling with during the session.

Goal: Learn independence and self-reliance skills in an away from home environment.

Objective: at least 80% of campers will have:

- ✚ Packed out all of their own personal items for the overnight camp out and was prepared with the items that they chose.
- ✚ Made a good choice in saying no to another camper's poor choice during the session.
- ✚ Volunteered at least once during the session to help out with a camp task.

Goal: Gain an appreciation of nature.

Objective: 80% of campers will have:

- ✚ Camped out under the stars during their overnight camp out.
- ✚ Learned three new things about nature (i.e. plants and animals) by the end of the session.
- ✚ Helped in at least one way to preserve our environment and have continued the practice three months after camp.
